ADVENTURES ON LEGO ISLAND

MINDSCAPE

MUSIC/VOICE/TALENT

Work-In-Progress
Our need for music spans the spectrum of Abba to Zappa...We would like to present to the user a diverse sampeling of music. Ideally, we are investigating 5 areas:

1) A major theme song for the Isalnd (original composition)

2) Location specific music for each interior location
   A) Original composition
   B) Existing material (songs already published: BMI, ASCAP.etc.)

3) Theme songs (original loops) for each major character (i.e, when the Brickster appears,etc.)

4) Misc. tunes/ activity based. When bricks are found, when vehicles are driven, when youre in the elevator, etc.

5) Juke box music (coin operated selection play)

Many musicians have expressed a desire to be a part of our project. Budget will determine the outcome.
